# *Garikapati* Siva Ramakrishna

**WRITER | DIRECTOR | ACTOR**

Filmmaker • Screenwriter • Performer

Garikapati Siva Ramakrishna is a Telugu writer, director and actor from Guntur, Andhra Pradesh. His work is drawn to ordinary people, lesser-seen realities and raw emotion — character-driven stories in which feeling comes before spectacle.

He approaches a story from three sides: developing it as a writer, shaping it as a director and understanding its characters as an actor, with close attention to how they speak in Telugu. He has written and directed two independent short films — TFI – Telugodi Fan Ism (2025), in which he also acted, and MYSELF – Brain vs Heart (2026), now in production, where he also handles cinematography and editing — and has completed two feature screenplays, Pentayya and Kanna Prema.

## SELECTED WORK

### Pentayya

FEATURE FILM · RURAL ACTION DRAMA

WRITER | DIRECTOR

**Completed 137-page SWA-registered feature screenplay.** Set in the Palnadu region, it follows an ordinary agricultural labourer whose peaceful life is destroyed by power, injustice and personal loss, pushing him toward a dangerous journey of revenge.

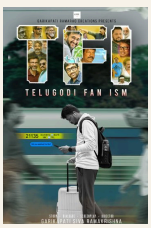

### MYSELF – Brain vs Heart

INDEPENDENT SHORT FILM · 2026

WRITER | DIRECTOR | CINEMATOGRAPHER | EDITOR

**Independent film in production.** A Telugu character-driven comedy-drama that personifies a young man's Brain and Heart as two opposing voices, exploring everyday choices, ambition, relationships, self-respect and emotion.

### TFI – Telugodi Fan Ism

INDEPENDENT SHORT FILM · 2025

WRITER | DIRECTOR | ACTOR

**Released.** An independently made Telugu short film — an early project combining writing, direction and performance.

## CRAFT

### Acting & Character

He reads a character through intention, emotion and reaction as much as through the lines, and brings that to performance, expression and dialogue delivery. Acting credit: TFI – Telugodi Fan Ism (2025).

### Telugu Dialogue & Language

A strong command of Telugu grammar underpins his writing. His dialogue is grammatically sound yet conversational — shaped by each character's background, emotion and situation, with attention to rhythm, pauses and subtext.
